

I AM AN
INTJ
PIONEER VOICE

I AM
DIRECT • SYSTEMATIC • OPINIONATED • DECISIVE
ORGANIZED • CONFIDENT • A PROBLEM SOLVER

SO REMEMBER

- 1 I have the courage to make difficult decisions
- 2 If I critique your idea(s), I'm not critiquing you personally
- 3 I enjoy intellectual "combat" and can come across as overly competitive and insensitive, even though I'm not
- 4 I find it difficult to be empathetic
- 5 I'm constantly thinking about strategies that will help us improve, advance and win
- 6 I prefer to envision future possibilities on my own, without input
- 7 I will not act on a vision or idea until it is fully formed in my mind
- 8 Once a vision or idea is formed in my mind, action is easy and definite, but changing my mind is difficult
- 9 I have thick skin and a thin hear, so say what's on your mind

ENCOURAGE ME TO

- 1 Beware the strength of my critiques
- 2 Involve you in future planning, vision and brainstorming
- 3 Check-in with others just to see how they're doing
